Tensors is a organization which is non-profitable. It's started by the student of iit Madras. The thing I like most about the tensors is that it's for social cause. Tensors do so many things to raise fund and they uses this fund to help the need the people of our society. Tensors take several social initiatives and organize social campaigns through the year. They conduct various mock exam for entrance like Jee , neet and also they do counselling programs for the same ..from this work they generate most of the fund for their social work.

VERTICAL OF TENSORS:-

1).TENMENT:-

   Tenment team of tensors do the most important work of the tensors. It's works behind conducting mock exam of jee and jee counselling countrywide. It is also behind the various initiatives.

2).TENSCI:-

   It is the technical team of Tensors. It's the team which implement every thing of which tensors do. Webops team is also include in the tensci.so it handls all the technical part such as developing websites ,maintain website.

3).PR:-

   It is a team which works for outreach and vision for the social campaign. Work for this team is to find the needed one of our society and help them in any of the aspect which is possible for them.
